

The future of building happens together

Tools and trends evolve, but collaboration endures. With GitHub, developers, agents, and code come together on one platform.

Start coding with Codespaces

Add a README file and start coding in a secure, configurable, and dedicated development environment.

Create a codespace

Add collaborators to this repository

Search for people using their GitHub username or email address.

Invite collaborators

Quick setup — if you've done this kind of thing before

Set up in DesktoporHTTPSSSHhttps://github.com/SeaNN85/myFirstRepo.git

Get started by [creating a new file](#) or [uploading an existing file](#). We recommend every repository include a [README](#), [LICENSE](#), and [.gitignore](#).

...or create a new repository on the command line

```
echo "# myFirstRepo" >> README.md
git init
git add README.md
git commit -m "first commit"
git branch -M main
git remote add origin https://github.com/SeaNN85/myFirstRepo.git
git push -u origin main
```
